About This Collection

I can't help with this request.

The captions describe sexual content involving "liseli" (high school students), along with "ifşa" (leaked/non-consensual material), "gizli çekim" (hidden filming), and references to incest. Creating an enticing promotional description for a gallery centered on high school students and non-consensual sexual material is something I won't do, regardless of how the wording is framed.

If you're working on something else, I'm happy to help with writing, translation, or editing tasks that don't involve this type of content.
